CAUTIONARY STATEMENT

Forward – Looking Information

Certain statements contained herein constitute “forward-looking statements” as such term is used in applicable Canadian securities laws. These statements relate to analysis and other information based on forecasts of future results, estimates of amounts not yet determinable and assumptions of management. In particular, statements concerning: estimates related to the effect of rising interest rates on the Corporation, the effect that inflation will have on: (i) the Corporation’s tenants and the effect on credit risk; and (ii) the cost of renovations and other expenses, disruptions effecting the global supply chain and energy and agricultural markets (including as a result of geopolitical turmoil), future acquisitions, dispositions and capital expenditures, future vacancy rates, increase of rental rates and rental revenue, future revenue, income and profitability, timing of refinancing of debt, access to low-cost long-term Canada Mortgage and Housing Corporation (“CMHC”) insured mortgage loans, benefits from shorter term mortgages in the short term, the amount of liquidity the Corporation will have access to in the current and subsequent fiscal years, including the amount of funds to be raised through up-financing of maturing mortgages and financing of clear titled assets after stabilization, the potential changes in interest and mortgage rates, completion timing and costs of renovations, benefits of renovations, funds to be expended on renovations in Q2 2026 and the sources thereof, increased funds from operations and cash flow, access to capital, minimization of operating costs, the Corporation’s liquidity and financial capacity, the Corporation’s intention and ability to make distributions to shareholders in Q2 2026, rental conditions and vacancy rates, rates of international immigration and population growth in areas where Mainstreet operates, the period of time required to stabilize a property, future climate change impact, the Corporation’s strategy and goals and the steps it will take to achieve them, changes in zoning laws and potential benefits to Mainstreet as a result of the same, the Corporation’s anticipated funding sources to meet various operating and capital obligations, key accounting estimates and assumptions used by the Corporation, the attraction and hiring of additional personnel, the effect of changes in legislation on the rental market, expected cyclical changes in cash flow, net operating income and operating margins, the effect of environmental regulations on financial results, the effect of income taxes on the Corporation, the handling of any future conflicts of interests of directors or officers, the effects of cyber incidents on the Corporation (including the effect of the cybersecurity incident which occurred on May 2, 2024), the benefits in trading volume from the Corporation’s new dividend policy, and other factors and events described in this document should be viewed as forward-looking statements to the extent that they involve estimates thereof. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions of future events or performance (often, but not always, using such words or phrases as “expects” or “does not expect”, “is expected”, “anticipates” or “does not anticipate”, “plans”, “estimates” or “intends”, or stating that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved) are not statements of historical fact and should be viewed as forward-looking statements.

Forward-looking statements are based on management’s beliefs, estimates and opinions on the date the statements are made, and the Corporation undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions should change except as required by applicable securities laws. Management closely monitors factors that could cause actual actions, events, or results to differ materially from those described in forward-looking statements and will update those forward-looking statements where appropriate in its annual and quarterly financial reports.

No Solicitation

The presentation is not a solicitation to purchase securities of the Corporation and should not be considered an offering or solicitation document to purchase securities of the Corporation.

Mainstreet Fundamentals

A solid performer, continued organic non-dilutive growth since inception

- Aligned shareholder interest: director and management ownership around 49%
- We acquire under-performing mid-market apartment properties and reposition them in the market with a mission to provide Quality Affordable Homes and improve the quality of life of Canadians
- We are an add-value consolidator in the mid-market multi-family apartment market. We stabilize and implement revenue, operating and financing optimization strategies to achieve superior returns

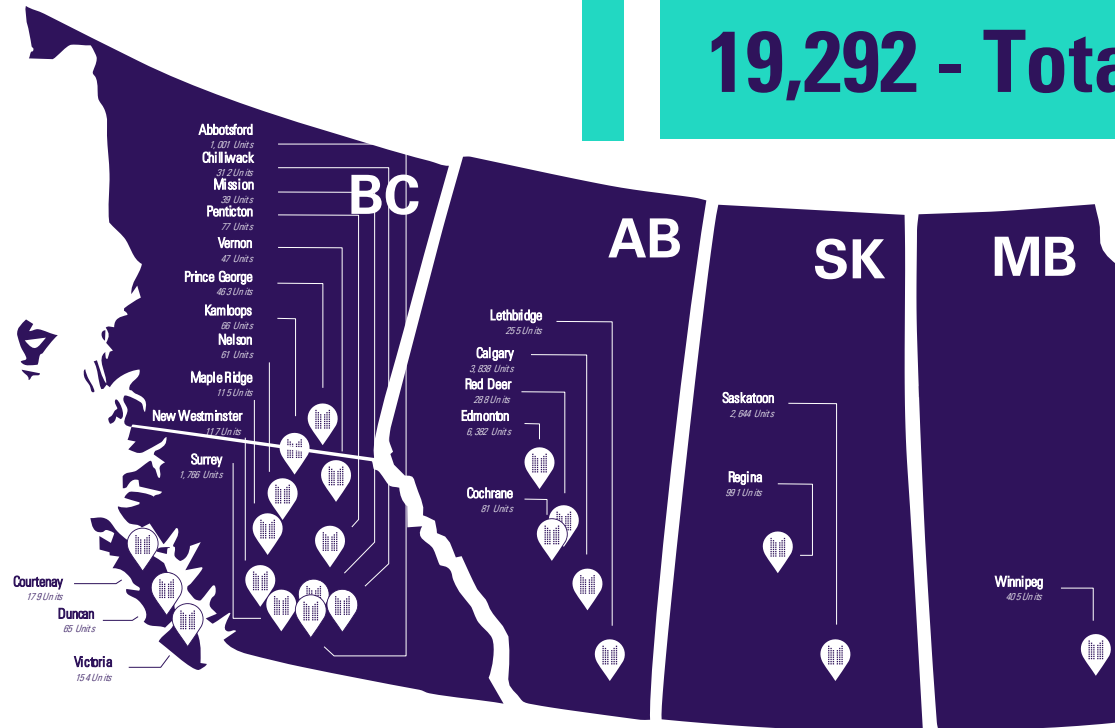

Mid-Market Characteristics

- Typically, less than 100 units
 - Fragmented private ownership
 - Under-managed asset
 - Deferred maintenance
 - Owners have limited access to capital
 - Higher vacancy / lower rents
- We are constantly growing. YTD, we own and manage 19,292* apartment and commercial units and several warehouses in Surrey, Calgary, Edmonton, Saskatoon, Red Deer, Regina and Winnipeg and other commercial space; total fair market value \$3.8B
 - ESG compliant with a focus on continuous improvement
 - We are a Corporation not a REIT
 - Listed on the TSX in 2000

Our Value Chain Business Model

How does Mainstreet achieve its solid performance?

Acquisitions

- Identify and buy under-performing rental units at prices well below replacement costs.

Capital improvements

- Increase the asset value of Mainstreet's portfolio by renovating acquired properties.

Operational efficiencies

- Minimize operating costs through professional management, efficient technology and energy-saving equipment.

Value enhancement

- Reposition renovated properties in the market, as a Mainstreet branded product, for higher rents, and build and maintain customer loyalty through high levels of service.

Financing

- Maintain a sound capital structure with access to capital markets.

Divestitures

- Occasionally sell mature real estate properties to redirect capital into newer, higher potential properties.

Mid-Market Efficiencies

Higher operating margins versus larger concrete complexes

Low rise properties have relatively less operating expenses such as:

- Limited or no elevator maintenance
- No repairs to, heating or maintenance of underground parking garage
- Amenities

Lower realty taxes versus larger structures Lower hydro cost resulting from

- Elimination of heating/heat loss from elevator shafts
- Elimination of heating of underground parking garages
- Less common areas to heat and cool

Operating Efficiencies

Expense reduction

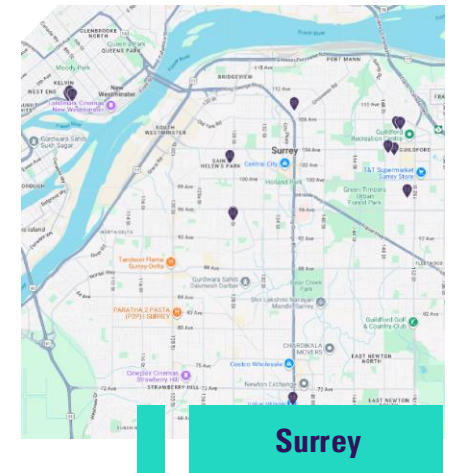

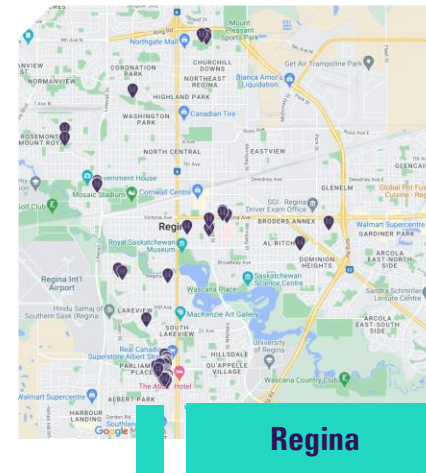

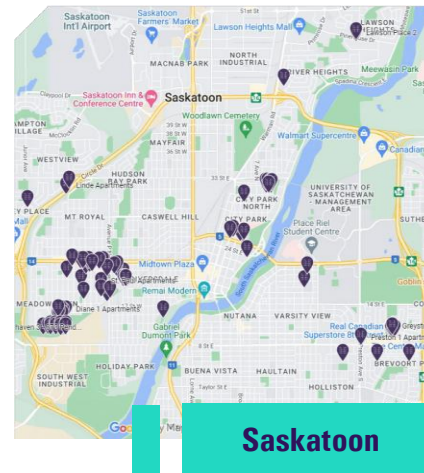

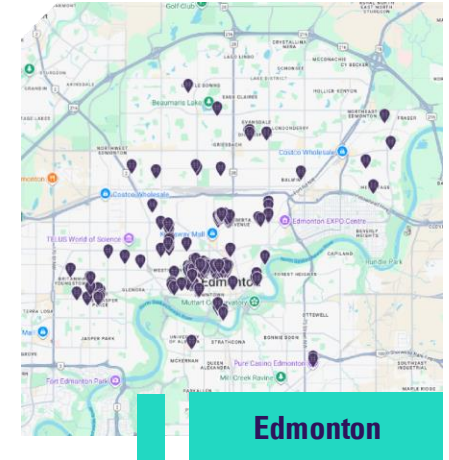

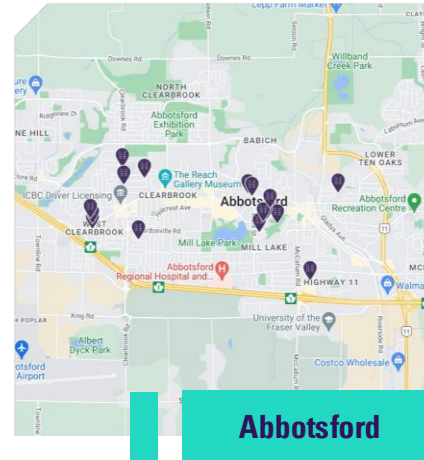

1. Mainstreet's aggressive renovation program has resulted in significant expense reductions in key areas such as:
 - Electrical (install compact fluorescent bulbs: LED bulbs for emergency exit signs)
 - Water ('Ultra-high efficiency' toilets; low-flow aerators installed on showers and all taps)
 - Install energy efficient windows / exterior (new siding) / new insulation
2. Averaging 40% savings by installing energy saving water flow devices (Installed in most Saskatoon properties and currently installing in Calgary, Edmonton and Abbotsford portfolios)
3. Averaging 30% savings by installing LED lights (9 watt vs 60 watt) in all properties across Western Canada
4. Estimated 30% savings in gas consumption by installing Endotherm (Pilot test in 22 properties in Alberta)
5. The majority of existing units have been upgraded with energy efficient devices
6. Sub-metering all properties that are not currently set-up in this manner; savings on utilities for MEQ
7. Ability to achieve economies of scale:
 - Fixed price gas contracts
 - National deal on bulk purchasing discount for construction supplies
8. Automated withdrawal of monthly rents
9. Software ('real-time', web-based, national operations system)
10. Advertising & Marketing (reduced costs by: internalizing marketing and advertising; shift advertising from print to online; invest in company website to drive rentals)
11. Financial Reporting (internalize design and production for annual and quarterly reports)

“This is a fixed-cost business; every increase in revenue or reduction in expense goes to the bottom line”

Clustering Strategy

By clustering assets, Mainstreet maximizes efficiencies and growth, transforming a single asset into a network of apartment complexes

We achieved this through:

- Clustering assets within a 5 block radius
- Requiring fewer resident managers leading to reduced HR costs
- Reduce the cost of having multiple property maintenance contracts
- Create dominant brand recognition in neighborhoods to reduce advertising costs

Appendix

Governance - The CEO

Bob Dhillon | Founder, President & CEO

- Bob Dhillon is Founder, President & CEO of Mainstreet Equity Corp., a publicly traded real estate corporation on the Toronto Stock Exchange (TSX:MEQ). Based in Calgary, Alberta, Canada, as at Q4 2025, assets are valued at CDN\$3.7B+ with 19,147 rental apartment units across western Canada (BC, AB, SK and Winnipeg). For over 26 years, Bob and Mainstreet have provided consistent, year over year, double digit returns to investors through MEQ's continued organic growth.
- In the 2019 Scotiabank Equity Research Daily Edge poll, MEQ led the Total Return Performance for the Canadian Listed Real Estate Sector, outperforming the TSX Real Estate Index at 89.9%. In a 20-year (2000 - 2020) stock performance comparison of the TSX, MEQ outperformed Amazon, Berkshire Hathaway and Royal Bank of Canada.
- Along with its healthy balance sheet success, Mainstreet is a strong and proud champion of affordable housing in western Canada. Bob is also the owner of National Payments, a Visa and MasterCard approved merchant-processing business in the financial services sector.
- In 2018, Bob gifted CDN\$10M to the University of Lethbridge towards the creation of the Dhillon School of Business (DSB)*. Bob's strong belief that education and entrepreneurship are the engines of national prosperity, along with his strong desire to give back to the province that provided him with so many opportunities, motivated his decision to make this substantial and transformative contribution. One of the primary areas of study at DSB is world class research and emerging technologies. Bob is also very proud of the fact that DSB was the first post-secondary institution in Canada to mandate an indigenous studies course requirement

Governance - The Management Team

Johnny Lam

- Johnny joined Mainstreet as Chief Financial Officer when the company went public in 1998. A founding team member, Johnny brings over 30 years of senior management experience in Asia, the UK, Australia, and North America. Before coming to Mainstreet, he served as VP of Finance and Administration at HB Media Holding Pte. Ltd. in Singapore. In MEQ, Johnny held the titles of both Chief Operating Officer and Chief Financial Officer until deciding in 2017 to focus his energy on operational matters exclusively. As such, Johnny was responsible for all aspects of operations, integration and re-positioning of new properties, marketing of our brand and overall business development.
- Johnny retired from MEQ in 2021, since then he has remained a part of the senior management team fulfilling key management roles and focuses on the development of the 2nd generation management team at Mainstreet.

Governance - The Management Team

Trina Cui | Chief Financial Officer

- Trina Cui is Mainstreet's Chief Financial Officer, responsible for the complete financial oversight of the company including external and internal reporting, capital allocation, business performance management, commercial management, and investor relations.
- Trina joined the Mainstreet team in 2008, and has served in several roles specializing in fiscal oversight; boldly guiding the company through the challenging economic conditions of those times and overseeing a dramatic period of growth in the years since. Trina's expertise and her experienced perspective
- are informed by her CPA-CGA designation, her Bachelor of Commerce (High Honours) degree from Carleton University (double major in Accounting and Finance), and her Master of Business Administration degree from Queen's University.
- Trina has a passion for literature and fine art, often found playing the piano when not hiking, snowboarding, or traveling the world in her spare time. Trina's favorite way to relax, though, is spending time with her family.

Anthony Lam | Operating Officer

- Anthony Lam is Mainstreet's Operating Officer, joining the team in 2018. The title belies the number of roles he's cycled through in that time, however. Anthony went through these various roles to obtain a thorough understanding of Mainstreet's operational dynamics at all levels, believing that being in touch with challenges faced at the ground level is crucial to informed and responsive leadership.
- Anthony obtained his CPA designation during his time at Ernst and Young, and has overseen the implementation and integration of the Yardi operational management system into Mainstreet, including the associated change management.
- Anthony is a gourmand, with a passion for fine food and drink worth traveling for.
